

MetaTrader 5 Beta-Tester

ACEX for MetaTrader 5 enters final test phase

**If you would like to test one of the best commercially usable
APIs for BINANCE - apply as a BETA tester at
office@algostra.at**

Why should I become a beta tester

- ❖ >4 Years stable API connection to INVESTOX-XL
- ❖ With ACEX + MT5, trade cryptocurrencies
WITHOUT BROKER on BINANCE
- ❖ Trading fees DIRECTLY from BINANCE
- ❖ Real-time tick market data feed
- ❖ You have ideas for further features
- ❖ Full access to price data of >1 600 trading pairs

MetaTrader 5 Beta-Tester

What you should provide

- ✓ Good trading experience
- ✓ Good knowledge about using MT5
- ✓ Own Binance spot and future account
- ✓ Some time to trade

Your tasks

- Execution of several LIVE trades per week on your own account
- Regularly send an experience report (min. 1x per week) related to the use of ACEX
- In case of problems, send detailed case description
- Your suggestions for improvement

MetaTrader 5 Beta-Tester

...one of the best commercially usable APIs for BINANCE

To thank YOU, you will receive

- Free use of the ACEX API full version during the entire BETA test phase
- Full technical support
- As BETA tester a SPECIAL DISCOUNT if you want to continue using ACEX
